

Request for Use of Automatic Bank Transfers

Thank you for your continued understanding of and cooperation in the operation of the National Health Insurance (NHI) system.

Shimonoseki City collects insurance premiums through automatic bank transfers in principle. We request that you use automatic bank transfers to pay insurance premiums for your household.

Benefits of automatic bank payment of NHI premiums

- You will not have to visit a financial institution before every due date, which will make your premium payments less troublesome.
- Your premiums will be automatically deducted from your designated bank account, so you won't miss a payment.
- Once you complete the procedure, your premiums will continue to be automatically paid through account transfers without annual renewals.

★ If you apply at a financial institution by the 25th of the month or at the relevant section of the City Hall by the last day of the month, your automatic bank payments will start with the first due date after the end of the following month and continue onward.
