

- Notice of Opportunity to Provide an Explanation

This document informs you of the city's decision to provide an opportunity for you to explain the unavoidable circumstances that have prevented you from paying your insurance premiums. The city guarantees that applicants for payment of "special medical expenses" have the opportunity to explain their circumstances.

If your application for payment of "special medical expenses" is approved, you will be required to temporarily cover the full amount of your medical expenses at medical institutions and the like. (This system does not apply to insured persons who are between their 18th birthday and the first March 31 after that day.)

* If you are a recipient of publicly funded medical care, please submit a Notification of Publicly Funded Health Care Recipient Status (Form No. 4). If you have special circumstances that prevent you from paying the full amount of medical expenses, please submit a Notification of Special Circumstances (Form No. 2). Once the deadlines for these documents have passed without any of these notifications being submitted by you, it will be recognized that you have been provided with an opportunity to explain.
